

CONSULTING SERVICES

Daniel Caringi

Daniel Caringi is a Partner with MNP's Consulting Services team in Toronto and a leader in the firm's Technology group. Daniel helps visionary leaders connect technology to strategy with innovative solutions that address organizational challenges with sustainable results.

Daniel has deep experience driving digital transformation initiatives from theory through to execution. He specializes in advising, defining and delivering enterprise software such as corporate performance management (CPM), enterprise resource planning (ERP), customer relationship management (CRM) and advanced analytics.

Daniel's services include system selection, implementation and project management. He partners with leadership to create an effective change management environment while delivering measurable value with relevant technologies, promoting financial and operational effectiveness.

Daniel holds degrees from Western University and Humber College and has held roles with leading technology and accounting companies.
